**FOR IMMEDIATE RELEASE**

**TOUGHTTESTED'S NEW RUGGED TRAVEL COMPANIONS THE TECH GEAR BAG AND 3XL CASE ARE LAUNCHING FOR SALE ONLINE**

The Tech Gear Bag keeps all of your cables, chargers, devices and other mobile accessories safe and protected in one place while the 3XL case offers heavy-duty protection for extra large smart phones and other devices.

Avenel, NJ -- April XX, 2015 -- At CES 2015, rugged, consumer electronics brand, [ToughTested](#) unveiled their newest travel companions, the Tech Gear Bag and the Universal 3XL case. The Tech Gear Bag allows travelers to protect and secure all of their cables, chargers and mobile accessories in one place, while the 3XL case offers heavy-duty protection to larger smartphones and other devices.. Both are now available for sale online at [www.mizco.com/tough-tested.com](http://www.mizco.com/tough-tested.com) and carry a Manufacturer's Suggested Retail Price (MSRP) of \$24.99.

The Tech Gear Bag is constructed with a molded semi-hardshell exterior, with zippered and velcro pockets as well as retention straps inside to keep all of your cables, chargers and mobile accessories safe and "at hand" when and where you need them. It even has a soft line zippered compartment to protect device screens. The Universal 3XL case's outer construction is formed from high-density, ballistic nylon for superior protection of phones as large as the iPhone 6+, Galaxy S5 and Galaxy Note series devices. It's particularly designed for users that also like to use heavy-duty protective cases like the Otterbox Defender on their phones.

These two new for 2015 products have the state of the industry characteristics and added utility that ToughTested products are known for:

The Tech Gear Bag:

- Hard molded shell
- Carabiner
- 2 large organized bands; 1 small organized band
- 2 velcro compartments
- Keyring clip
- 2 zipped compartments
- Pen/stylus band

### The Universal 3XL Case:

- All-weather ballistic nylon
- Metal lock clip
- Strong magnetic closure
- Inside stash pocket for credit cards, cash, or an extra battery
- Locking belt latch that rotates 360 degrees
- Compatible with iPhone 6, 6+, Note 4, Galaxy S5 and other large phones and devices
- Compatible with protective cases which include Otterbox, Griffin Survivor, Trident, and Lifeproof

### About ToughTested

From heavy duty braided USB cables and unique power solutions to rugged cases, the ToughTested brand is designed for wear and tear, providing protection and security for the devices you use all the time, on the road or on the job. Primarily marketed to professional drivers and contractors, the brand is now extending its reach to general consumers who need a little extra protection from life.
